How would you describe yourself? Blunt and straightforward, but not too the point where it makes someone uncomfortable. I'm told that I have great first impressions and can maintain and develop quality personal relationships, getting past the surface conversations and turn small talk into something more thought provoking. I'm also organized and a detail oriented individual. I'm quick to understand the essence of a situation... I might not know all the details or the processes, but I have a propensity to grasp what's important. I love efficiency and clarity and time effective methods. +

What would you say is your best personality trait? Reliability +

Describe yourself as a child: Quiet and reserved. Very studious. +

What did your parents teach you to value? Life, that you are only here for short time, so make the most of it and make a positive impact. +

Nick Name: Cely,

whom I love and sometimes believe could have been my soul mate if she were born a man. She's brings out the best in me and is impeccable with her words as well as her timing...

Who was the most important influence on you and why? My god-parent/family friend/mentor. He fascinates me with his out-of-the-norm ideas and stimulates thoughts that would be lost. He fixates me when I'm trailing off my path and teaches me the values that I will forever appreciate...

Why do you want to be an egg donor? I personally know people who were unable to reproduce, so in order to help, I feel that it's a gift I can give someone else. What message would you like to pass on to the recipient(s) of your eggs? To be good parents to the child they birth...

Are you open to donating to a single person? Yes  
Are you open to donating to a gay person or gay couple? Yes
