Do you have any siblings? If so, tell us about each of them:..
I have 2 younger sisters. My middle sister is 3 yrs younger than me so when we we're growing up she was following me around and wanting to do the same things as me. It bothered my when we we're younger but when we got older we became the best of friends. My youngest sister is 13 years younger than me so I was like a second mother to her. We are very close to each other..
