Tone:	Fair
Ability to tan:	Tans easily.
Freckles:	Few scattered freckles on face and body
Acne:	Yes
At what age?	Hormonal- some pimples before my periods

Describe your personality and character:	I believe that I am an optimistic person. I am friendly and easy to talk to. People find me approachable and always ask for my advice. I believe that I am trustworthy and loyal. All in all, I like to make people laugh. I am a little on the shy side until I feel comfortable. I love my mother but I am a daddy's girl. I love people and animals. I am soft spoken and enjoy the outdoors.
How would you describe your childhood?	I was raised by an amazing mother who is a business woman. My father was constantly in Iraq. I am proud to be a military brat; my father is a SRGT. Major retired military E9. I was raised around lots of family therefore I believe family is everything. I went to a Christian High school and my God is amazing. I had an amazing childhood. I was raised with a good work ethic which means a lot to me. I was a happy baby.
What's your favorite childhood memory?	When I was about 3 or 4, my parents had a huge aquarium full of fish. One day I caught my dad flushing a fish down the toilet, I was mortified. My dad told me that it was okay, he was sending the fish to fishy heaven. That day, my parents laid me down for a nap. I soon got up and caught a fish and almost sent it to fish heaven. Thankfully my father caught me in time!
Who has been the most influential person in your life, and why?	I would have to say both of my parents. My mom taught me everything I know about being a woman. She taught me how to ride a horse, how to deal with heartbreaks and boys. My dad taught me how to be a boy at heart. I know how to do a

	change a tire, fix things, hunt or how to ride a dirt bike.
What awards/accomplishments are you and your family most proud of?	I have many accomplishments. Obviously they are proud that I graduated High school with good grades, great friends and a good reputation. I was team captain of my volleyball team 3 years in row and MVP of my soccer team 2 years in row. I played many sports. I also was in 4H for ten years which is a huge commitment. My mother taught me to ride horses when I was young... I soon raced horses in 4H and won many trophies. My dad taught me how to use a bow and arrow and I played in many archery competitions. I have many things to be proud of.
Describe some of your hobbies and interests:	I love to be outdoors. Even though I am out of High school, I still love to play sports. My grandparents own a farm where my horse is located, so I still ride horses for fun. I have a little cousin who just turned 10 who I am training how to ride horses now. I love animals. I like to go mountain climbing and on hikes. I like to travel; not that I have gone anywhere spectacular... but I just love long car rides.
What sports or activities have you excelled in?	Volleyball, equestrian, soccer, softball, archery and I did the stats for my High school basketball games.
Describe any artistic/musical talents you have:	I am not a great singer but I love to sing to the radio however. I do believe that I am a fairly good writer. I did well in my English classes and actually enjoyed writing papers depending on the subject.
What are your future goals?	I do not mean to sound cliché but my ultimate goal is to get married and be a mother. I want to go to all of my kids events just like my mother did. So naturally I want a flexible job. I see myself as a business woman, managing a small practice... anything medical dealing with kids or animals.

Reproductive History

Have you ever undergone any fertility treatments	No

Nick Name: Lindsey

music:	the 90's. Country music in this generation sounds too much like pop. Every now and again I like to listen to 80's rock and R&B.
Favorite food:	Crab legs when I have the money. Other wise, hot dogs and macaroni.
Are you a good cook?	Yes. I love to cook. I would never do it as a profession, just for fun.
Do you sing in the shower?	Yes. I really think my singing sounds better in the shower :)
What's your favorite season?	Fall by far! October is my favorite month. When the leaves are pretty and the weather is not too hot and not too cold. Just perfect.
What's your favorite holiday?	Christmas and the 4th of July
If you could be an animal, what would you be and why?	I would be a Hawk. I have a bird feeder and I could watch the birds all day. I would be a bird just so I could fly, be free and not have a care in the world. I would be a Hawk because I think they look so powerful and beautiful.

Why do you want to become a donor?	Like I said before, my ultimate goal in life is to be a mother and be there for my kids. I cannot imagine the pain of someone telling you that you cannot have kids. It would mean the world to me if I could help out a family with such a blessing as a child. I also have a friend who was told she cannot have children and this really pushed me to do this. This is something I want to do as many times as possible. To help as many families as possible. This would be a never ending satisfaction for me and I would be more than thrilled to become a donor.
Do you have a message you would like to share with the recipients?	Dear Future Parent(s), I want you to know that I am truly happy to donate my eggs to you. I know you will make an amazing parent(s) because of all the things you are going through just to have a child. I would be honored to possibly meet you or hear from you just so I can tell you how grateful I am to do this. I am truly happy for you and pray that you will have an amazing family one day.
