| Acne:           | Yes            |
| At what age?    | 15             |

**Describe your personality and character:**

I am very friendly and always nice to people (even people I dislike). I can be quiet at times and shy until I warm up to the people around me. I like to have fun and enjoy laughing at anything funny. I don't put up with people treating me bad or treating any of my family bad. I stand up for what I believe in. I am funny and witty at times and have a sarcastic sense of humor as well. I've never been the type to hurt anyone intentionally and have probably always been the one that gets hurt in the end. I will always be there for a friend when someone needs me and when I can be I am very generous. People can always count on me to do something. I am very dependable, mature and responsible. I love my kids, my boyfriend and my family. I am very honest as well.

**How would you describe your childhood?**

I had a normal childhood growing up. I lived with my parents and my younger sister. We occasionally went on family trips to visit family in other cities or visit our grandparents in Arkansas. We were well off and never went without, even though I'm sure my parents would have loved to spoil us a little more. I grew up in the country and we always had animals. I've had cats and dogs, cows and horses as pets. I used to go hunting with my dad and he taught me how to ride a horse as well. I went to the same elementary all 7 years, Pre-K through 5th grade and then on to middle school and High school. I was never moved around and lived in the same house for 18 years and my parents still live in the same house. I moved out when I was 18 to go to college and have never moved back home.

Nick Name: Holley

**What's your favorite childhood memory?**

One of my favorite childhood memories is that of participating in the 4H club. I participated for 3 years raising lambs. My favorite year was my first year and first lamb. His name was Stanley. I loved that lamb so much and it was very hard for me to give him up at the end of the stock show season. Stanley always had a fun personality and I had never seen a lamb like him. He would chase me around our yard bouncing on all four legs. It was so funny. I always placed well at the stock shows with Stanley as well.

**Who has been the most influential person in your life, and why?**

My mom has been the most influential person in my life. My mom has always been there for me no matter what. I have always been close to her and consider her a best friend. I feel like I can tell her anything. She always understood me throughout High school and all my teen drama. She never judged me and gave me lots of chances when I would mess up. She always gave me the opportunity to make things right or fix anything I had done wrong instead of just punishing me. I never got away with things or really misbehaved growing up. I became pregnant at the young age of 18 and even though my mom was disappointed in me at the time, today she would proudly say how good of a mother I am and that she raised a very responsible and mature daughter. Some people think back and blame their lives or their problems on their parents, but I think back and say if my parents hadn't disciplined me or raised me the way they did than I wouldn't be the person I am today. I thank my mom for the way I am today. I try to make good/right decisions and if I need advice or an answer I always call my mom first. Yes, I am a mama's girl!

**What awards/accomplishments are you and your family most proud of?**

The awards I am most proud of would have to be all of my trophies and medals I received from sports in High school. I still miss my "glory days" of High school. I was a top runner and athlete in High school and if I could ever go back there again I would try harder to be so much better in sports. Of course there were always other teen distractions, so I don't think I was all that I could have been.

**Describe some of your hobbies and interests:**

Some of my hobbies and interests include nail art, reading romance/drama novels, spending time with my 2 children, shopping, buying nail polish, sport bike riding, dirt bike riding and riding four-wheelers. I also like to water ski and knee board and watch movies at home or the theater.

|   |  |
|---|--|
| <p><b>What sports or activities have you excelled in?</b></p> | <p>In High school, I was one of the top athletes. I participated in volleyball, basketball, cross country and track and field. I played volleyball for 2 years and basketball for 3 years. In basketball I played as the point guard and was on Varsity for 2 years. The main sports that I excelled in were cross country and track. I ran cross country for 3 years and placed in the top 10 at the district meet every year and went on to the regional qualifier meet every year. Sadly, I never made it to State though. I participated in track all 4 years of High school on the Varsity team all 4 years. Every year I made it to the regional qualifier and meet in several events. The events I participated in throughout the 4 years were the long jump, 200 meter dash, 100 meter dash and 800 meter run. The main events that I excelled the most in were the 400 meter dash, the 800 meter relay and the 1600 meter relay. I have an outstanding collection of medals, ribbons, newspaper articles and trophies. I loved sports in High school and wish I had still competed after High school.</p> |
| <p><b>Describe any artistic/musical talents you have:</b></p> | <p>I am not musically indined at all, but I do love to dance. I haven't been in a very long time, but I love country dancing. I think I am very good at it and I love to be twirled around the dance floor. I am not a pro or expert, but think I am pretty good. I have some artistic talents. Right now I am very much into nail art and painting my finger nails. I love coming up with a design and recreating it on my nails. It is a challenge at times, but I like to create nail art. I also create nail art on acrylic nails and sell them online. Additionally I like to paint things at home when I have a chance as well. Nothing worthy to be sold but worthy enough to be hung in my home.</p>   |
| <p><b>What are your future goals?</b></p>                     | <p>My future goals is to achieve my Bachelors degree in Criminal Justice and hopefully open up my own business. I am not sure what type of business, but I'd like to be my own boss.</p>   |

Nick Name: Holley

you be and why?

Why do you want to become a donor?

Because I want to help someone else out and bless them with my eggs so they have a chance to feel the joy of having a baby.

Do you have a message you would like to share with the recipients?

I hope you choose me because I have 2 beautiful daughters, so you will have a beautiful baby as well.
