Describe your personality and character:	I am outgoing and fun but responsible at the same time. I love to spend time with family and friends, they mean the most to me. I also really enjoy helping people which is another reason I would like to be your egg donor :)
How would you describe your childhood?	My childhood was always fun and always an adventure. I spent a lot of time outside with my brother, sister and neighbors. A typical day outside when I was a child would include jumping on the trampoline and then asking my parents for a few dollars and going for walks to the closest convenience store with my siblings and buying the 25 cent candy. I also loved to go and help out our neighbor named Rip work in his garden.
What's your favorite childhood memory?	My favorite childhood memory was spending time with my Papa before he passed away. I was just a little kid when he passed away of cancer. I would get off the school bus and run inside to hang with my papa. He always had a bowl full of cheese-its, he knew they were my favorite.
Who has been the most influential person in your life, and why?	My dad. I have always looked up to him and we have always been super close. I can go to my dad for anything and I know that he would be there whether it was for a shoulder to cry on because I was having a bad day or because I needed a good laugh. When I was younger, he used to go to talent shows and dress up as Elvis and sing. He'd bring me on stage and sing to me and I always thought it was so embarrassing. But looking back on it now, I wouldn't change it for the world.
What awards/accomplishments are you and your family most proud of?	I was the first in my immediate family to go to College. I knew I always wanted to go and further my education. My dad has always told me is proud of me.
Describe some of your	I am really into sports and working out. Staying in shape is a

Describe any artistic/musical talents you have:	I try to sing but cannot haha.
What are your future goals?	I am 24 now. By the time I am 30, I am hoping to have settled down and have a beautiful home and a family of my own. I would love to be successful in my job as well.
