My mom is a very loving, caring and supportive person who has always stayed true to herself.
What awards/accomplishments are you and your family most proud of?	My family goes to our family reunion every year and I would say the best accomplishments we have done together would be winning the past 4 years in the volleyball toumey. Why do you want to become a donor?

To become an egg donor is something that has been on my heart for 3 years after struggling with two of my best friends that have had fertility problems. I believe this is the greatest gift to give to another person. I've been given the miracle of my son and want to pass that miracle to another family.

Do you have a message you would like to share with the recipients?

I'm so happy to be apart of the miracle that will bless your family and warm your hearts for many years.
