Describe your perfect day:	Any day spending time with people I love and doing things I enjoy is a perfect day.
Who is your hero and why?	My first dance teacher. I originally took a dance class in high school so that I could get out of P.E. After a few weeks of the dance class my teacher took me aside and told me that I had a natural talent for dance and recommended for me to take dance at a private dance studio and so I did. Since then I have been dancing and it has been the biggest passion and love in my life. She has always been there for me and has always been one of my biggest fans and has always supported me and encouraged me when I struggled. Every time we talked she always told me the same thing "Life is meant to be good" and I have always told myself that and lived my life that way because of her.
If Steven Spielberg were filming a movie about your life, what famous actress would play you and why?	I'm not sure, but it would have to be someone who could really capture my love of life and dance and family.
What would you say is your biggest accomplishment in your life thus far?	I have had many dance goals for myself and I have achieved two of them. I performed with a musical artist on the MTV Video Music Awards in 2011. And I worked as a dancer on a cruise ship and had the opportunity to travel the world doing what I love.
What do you hope to accomplish in your life in years to come?	I hope to get married and have a family. I hope to do more traveling and live in different places in the world. I hope to accomplish more of my dance goals and to continue to be a part of the dance world in some form after I have finished my dancing career.

If you could meet anyone in the world, who would it be and why?	Anne Frank. I studied world war II and the Anne Frank diary in school when I was 13 and it was the most fascinating thing to me. Just this year I visited the Anne Frank House in Amsterdam and it was the most incredible thing to see. What her and her family went through broke my heart and I would have loved to have met her.
Tell us about your most favorite vacation:	I spent the last 8 months dancing and working on a cruise ship traveling the world and I met the love of my life on board. So the last 8 months have been the best vacation I could ever have.
If you could travel anywhere, where would it be and why?	Paris, I have always wanted to visit the city of love and see the Eiffel Tower.
What would you say is your biggest talent?	Dancing. It is also my biggest passion in life.
Reason for becoming a donor:	I know people that have had problems with getting pregnant and it's so horrible to see them deal with that. When I am at the age to have children of my own I pray that that doesn't happen to me. And I figure while I am young and healthy, I should help those in need to have children because I would be thankful for egg donors if I were ever in that situation.

Anything we have not asked?

BECOMING A DONOR

How long have you been thinking about it?	1 year
Being a donor is a big responsibility. It requires going to several doctor's appointments, taking injections and having a minor out-patient surgery. Our office, the doctor's office, and your intended parent(s) will count on you to be responsible throughout the entire cycle. So you feel prepared to commit to this process?	Yes, I am prepared to commit to my requirements in the process.
How do your friends and family feel about your decision?	My family and friends support my decision.
What would you like to say to the couple who chooses you to be their donor?	I am blessed and thankful to be able to help in bringing a new life to your family.
Would you be willing to take a donor compensation of \$5,000 to help a couple who has been affected by the recession? It may help get you matched more quickly the first time and if you choose to come back and donate again, you would be considered a "Previous" donor and would be given a higher fee?	Yes
Gifted Journeys strongly believes all loving and able couples or individuals deserve the chance to be parents regardless of sexual preference, marital status, ethnicity or sex of the egg recipient. Are you open to being matched with all types of families? If no, please explain:	Yes
