What was your college major?	
If you have over a 3.8 GPA, went to (or are going to) an exceptional University, received academic scholarships, or have above a Bachelors degree, please check this box:	No
What is your current occupation?	US Airforce
What were your previous occupations?	Baseball Operations Analyst
Please describe your personality:	I'm very outgoing and always quick with a joke. I'm always there for my friends and am extremely social. I'm also extremely detail-oriented and organized
Are you right or left handed?	Right
What is your favorite color?	Bright green
What is your favorite food?	I go crazy for Green Apple Sorbet.
Do you consider yourself introverted or extroverted?	Extroverted
Who do you live with?	I own my own house and live with my dog and cat.
Do you have a significant other? If so, tell us how you met:	I'm enjoying the single life for the time being!
What are your hobbies?	I like being active outdoors, traveling, trying new restaurants, playing music, dancing, and watching sports.
Describe your perfect day:	I'd like to wake up early to find the sun shining. It'd be great to get a jog in before starting the day. Meeting up with friends to catch a day baseball game, and then heading back to my house for a dinner party. The night would be capped off having a glass of wine with friends on the patio.
Who is your hero and why?	As cliché as it sounds, my mother is my hero. She and my father divorced when my brother and I were babies, and she fought for the next twenty years to give us the best childhood possible. She is the first person I call to vent, share a laugh, or to ask for advice. I still have so much to learn from her!
If Steven Spielberg were filming a movie about your life, what famous actress would play you and why?	Great question! I'd like to think I'd be played by Sandra Bullock. She comes off sincere without being sappy, girly without being obnoxious, and quirky without being eccentric.
What would you say is your biggest accomplishment in your life thus far?	I have excelled in my career, and thus, have become extremely well-respected in my industry. I find it a great achievement to be highly recommended in the world of Major League Baseball.
What do you hope to accomplish in your life in years to come?	I'm currently working on my Private Pilot's license and would love to finish it soon. Some day down the road, I'd like to get married and start a family... that will be quite a while down the road though!
If you could meet anyone in the world, who would it be and why?	Lou Gehrig. It would be amazing to be in his presence and get a real-life dose of his unwavering mental strength. He never gave up, and I think that's one of the most admirable strengths

	possible to possess.
Tell us about your most favorite vacation:	A group of friends and I organized a Caribbean cruise last year. We hadn't seen each other in a few years, and spent a week in the sun catching up, relaxing, and giggling like we were back in college.
If you could travel anywhere, where would it be and why?	I've been so many places already, so I would re-visit Majorca in the Balearic Islands. The water would be an incredible shade of blue, the sun was always out, and the shopping was fabulous!
What would you say is your biggest talent?	Well, I can spot the difference between a cutter and a slider from a mile away, but I would say my ability to adapt to several personalities is my best talent. I can mesh with just about anyone!
Reason for becoming a donor:	I've had several friends get married and try to start a family, only to discover that they cannot bear children. I'm blessed with great health, and feel that I can help someone achieve this dream.
Anything we have not asked?	

BECOMING A DONOR

How long have you been thinking about it?	Honestly, I heard about this a few years ago, and
Being a donor is a big responsibility. It requires going to several doctor's appointments, taking injections and having a minor out-patient surgery. Our office, the doctor's office, and your intended parent(s) will count on you to be responsible throughout the entire cycle. So you feel prepared to commit to this process?	Absolutely- my schedule throughout the baseball season allows me to take time off during the week, so I truly feel I can be flexible.
How do your friends and family feel about your decision?	My friends are absolutely supportive of my decision, and my mother is as well.
What would you like to say to the couple who chooses you to be their donor?	I think it's admirable that after hearing negative news about bearing children, you have not backed down. I wish you the best!
Would you be willing to take a donor compensation of \$5,000 to help a couple who has been affected by the recession? It may help get you matched more quickly the first time and if you choose to come back and donate again, you would be considered a 'Previous' donor and would be given a higher fee?	No

FAMILY LIFE

What were you like as a child?	I was a ball of laughter. My siblings and I would be outdoors constantly, playing games we made up, riding bikes, etc. I was always a top student in the classroom.
What were you like as a teenager?	Busy! I was a member of so many sports and extracurricular clubs, I barely had time to breathe. I seem to remember perennially skinned knees from sports.
Where did you grow up?	I grew up in a pretty exclusive area of Southeast Michigan.
How would you describe your family life as you were growing up?	My mother re-married my best friend's father. Life was pretty good! My father had also re-married, and lived in Florida, so visiting was always fun.
Do you have any siblings? If so, tell us about each of them:	Older brother Alex- great guy! He is a test pilot for Boeing and can fix anything mechanical. Stepsister Dayna (same age)- she was the artistic half of the sister duo. She is an Interior Decorator, and I'm always envious of her style. Stepsister Caroline- turned sweet sixteen this year, but will always be my baby sister. I am constantly awed by her writing skills.
Do you have any children? If so, tell us about each of them:	I do not!
