	to my parents a hero to me is someone who has major success and life accomplishments. Judith Scheindlin is my hero. Most know her as Judge Judy. People think it is funny, but I find her to have a no frills attitude. If it doesn't make sense then it probably isn't true. She has amazing intuition and was actually a lawyer and then a family court judge for many years before she was presented with her television career. She is married and has a good relationship with her family.
If Steven Spielberg were filming a movie about your life, what famous actress would play you and why?	Anna Farris. She is funny, witty and very flexible with the roles she plays. I love jokes and laughing so she is just the first person that came to mind.
What would you say is your biggest accomplishment in your life thus far?	Living on my own. Having my own apartment, my own things.
What do you hope to accomplish in your life in years to come?	working hard and setting attainable goals. Staying focused, while also having me time.
If you could meet anyone in the world, who would it be and why?	J.K Rowling. I would just like to be in her presence and hear what she thinks about on a day to day basis. She was rock bottom on welfare and dug out of the hole and is now second on the list of Forbes riches women in entertainment. Her creativity and ambition is amazing to me.
Tell us about your most favorite vacation:	Went to Nags Head with family. Jockeys Ridge was amazing and I loved the Wright Brother's Museum. Lots of history as well as the beach- can't go wrong with that.
If you could travel anywhere, where would it be and why?	Dubai- there is a lot to do and it is beautiful. I have not traveled much, so I would love to really go anywhere.
What would you say is your biggest talent?	Dancing.
Reason for becoming a donor:	I could not imagine not being able to have a child, and I have had close friends that have had difficulty. I know that I have good genes and a lot of positive attributes. The mental and financial gain would be very positive for me.

Would you be willing to take a donor compensation of \$5,000 to help a couple who has been affected by the recession? It may help get you matched more quickly the first time and if you choose to come back and donate again, you would be considered a 'Previous' donor and would be given a higher fee?	Yes

FAMILY LIFE

What were you like as a child?	Outgoing. I loved to sing and dance and was always a ham. We lived in the country so I was always outside.
What were you like as a teenager?	I danced all through my teenage years and worked. This took up a lot of free time, but I was never pushed...I wanted to be there. I never was a partier because I was at the studio up to 4 days a week and weekends having private solo lessons. Getting good grades was not an option, so school was important. I was not perfect, but feel that I had great parents who taught and instilled in me values and the difference in right and wrong.
