Who do you live with?	As of right now I live with my mom, dad and brother, but while I was living in Maryland I lived on my own.
Do you have a significant other? If so, tell us how you met:	I do have a boyfriend, I met him while I was working at BWI airport in Baltimore. He was my Trainer and we hit it off and have been together ever since.
What are your hobbies?	I love to work out and stay moving. Being healthy is very important to me. I also love to take my two dogs on walks.
Describe your perfect day:	My perfect day would be getting up, going to starbucks drinking coffee while catching up on my reading. Then I would go to the gym get a good work out, maybe go to the beach or meet up with some friends. I also love to take my nephew places, he loves the beach so I would probably pick him up and take him with me.
Who is your hero and why?	My dad is my hero. He does anything and everything for my family. He never lets anything get him down. My father is in the military and has been deployed to Iraq, which makes him more of an inspiration and a hero to me. I give credit to him for all of my hard working attributes and characteristics.
If Steven Spielberg were filming a movie about your life, what famous actress would play you and why?	I think that Jennifer Lopez would play me. Because her work ethic is like mine, very driven and a woman who knows what she wants and will do anything to accomplish her goals no matter what her critics might say. She is also a family oriented person and does for others before herself.
What would you say is your biggest accomplishment in your life thus far?	I would say my biggest accomplishment would be earning a softball scholarship at Towson University and earning my degree there.
What do you hope to accomplish in your life in years to come?	I hope to move up in the company that I am employed at now to a manager or business executive. If not that then I would love to become a college coach and teach young players the game of softball.
If you could meet anyone in the world, who would it be and why?	I would want to meet Roberto Clemente. He was a Puerto Rican baseball player who dies in a plane crash. I would just want to talk to him about the game of baseball and his tips on life. I think that he was a great person because he constantly gave back to Puerto Rico especially the children and I think that in itself is admirable. He is the type of player that more athletes should follow. He not only was a hard working athlete he exemplified what it means to be a real athlete by giving back to his community and the people who supported him.
Tell us about your most	My favorite vacation would have to be visiting New Orleans.

favorite vacation:	When I worked for Air Tran Airways I was fortunate enough to be able to fly all over the country. New Orleans is my favorite destination because as soon as you land you just feel the good positive vibes that the people exude. The city is so rich in history that it amazes me that the people have come so far since hurricane Katrina. The city is just so lively!
If you could travel anywhere, where would it be and why?	I would want to travel to Puerto Rico to see where my family is from and to meet the family that I have never seen before. If not puerto rico then I would want to travel to Australia, it looks so beautiful and it looks like such an amazing place to travel to and explore.
What would you say is your biggest talent?	I would say that my biggest talent is my athletic ability. I am very coordinated and very skilled in many sports. Plus fitness and staying healthy is a passion of mine so I am always looking for new and interesting ways to put my athletic ability to the test.
Reason for becoming a donor:	I would like to become a donor because I know a same sex couple who has gone through this process and the joy that they experienced by finding a donor and having a baby inspired me to do this good deed for others who need it.
Anything we have not asked?	n / a
