really close with my entire extended family. From the time I was young I would fly to spend my summers with my grandparents. We have always loved getting together for holidays and family dinners. All of my cousins, uncles, aunts, and grandparents try to get together as much as possible. .,

What's your favorite childhood memory?.,

In my house, we had a big comfortable chair in the corner of my living room. Before I could even read, I would climb into that chair and stare at the pictures in books. My parents used to sit there and read to me for hours. .,

	and fresh fruit tarts..
Are you a good cook?..	I'm learning. While I've been traveling I've been trying to learn how to cook a dish from each country..
Do you sing in the shower?..	Nope, but I do listen to music..
What's your favorite season?..	Fall, I love when the leaves change color and the air feels crisp and clean..
What's your favorite holiday?..	Thanksgiving..
If you could be animal, what would you be and why?..	Maybe a cuttlefish, because it's known to be one of the smartest animals in the world. It also has this amazing skin; just by flexing its muscles it can alter its appearance to look like virtually any surrounding. It seems like something out of a sci-fi novel..

↓

Why do you want to become a donor?..	To be perfectly frank I need money to help me through my Master's program and I can't honestly see a better way than becoming a donor. I can help a couple, and knowing that is wonderful..
Do you have a message you would like to share with the recipients?..	I'm truly honored I could help..
